

# 10.000 Dreams

Text

1. I have a dream a longing strong for  
 2. I have a dream to see a world

woman that in their hearts glimmer  
 tected. Where children fear are peace is

faith, seen in hope evr dream, an aching  
 wish soul for the given saviour It's just a

prayer but in my heart there's thousands

Ten thousand dreams for an endless night. Ten thousand

gleaming points of light. A prayer shining

like the sun. And on it's beams ride ten thousand dreams
