### Chorus

*Bless us now, o Lord. Bless us now, o Lord. Give us now your holy peace.  
 Bless us now, o Lord. Bless us now, o Lord.*

- 1. Take us by the hand just like a father does his child, when it's frightened in the dark of night.  
 When we're weak and anxious let us know: we're reconciled. Keep us calm and take away our plight.*
- 2. Smile at us so sweetly as a mother at her child, even if it never gets things right.  
 When we're sad and weary, dry our tears, o Father mild. Let us feel the comfort of your might.*
- 3. Put your arms around us like good parents round their child, when its goals are really out of sight.  
 Help us when we stumble; and if ever we get riled, give us strength to stand and be upright.*
